## **Specimen Requirements and Shipping Instructions**

Whole Blood	3-5 mL of whole blood in EDTA (purple top tube) for routine tests. Ship overnight at room temperature.			
DNA	Send at least 1 $\mu$ g of genomic DNA with a minimum concentration of at least 20 ng/ $\mu$ L in a screw cap tube. Shovernight at room temperature. Note: DNA must have been extracted in a CLIA-certified laboratory.			
Saliva	Send at least 2 mL utilizing an Oragene collection device. IMPORTANT: No eating, drinking, smoking or chewing gum 30 minutes prior to collection. Ship overnight at room temperature.			

- Please use sterile technique and close all containers tightly.
- Please label all containers with patient name, hospital number, and date of collection.
- Please attach a completed requisition form, including diagnosis with the sample.
- IU Medical Center campus samples should be delivered to the laboratory on the same day of sample collection. If the sample is collected after business hours or missed the transportation pick-up time, please keep the sample in the refrigerator or at room temp and deliver to laboratory as soon as possible the next business day.
- Samples from off site should be shipped at room temperature for overnight delivery directly to the laboratory's address listed at the top front of this requisition form.
- Grossly hemolyzed or clotted blood specimens will be rejected.

## CANCELLATION POLICY

<u>Cancellation of test orders must be received within 48 hours</u> of sample receipt in the laboratory.

Testing scheduled for STAT/priority processing cannot be canceled after sample receipt due to adjusted lab processing.

To cancel testing, call (317) 274-7597 within 48 hours of sample receipt.

<u>Note</u>: A handling fee may be assessed for initial processing of the sample prior to test cancellation.

To revise requested testing, call (317) 274-7597 to determine the status of the patient's sample in lab and discuss available options.
